

PURCHASING CHILDREN'S DISASTER PREPAREDNESS BOOKS

The SD Office of Emergency Management has developed children's books to educate children on disaster preparedness. Other states can purchase the books with their own state's contact information so they may distribute these books throughout their state.

To request permission and get details:

Contact Cari Leidholt, Preparedness Team Leader, South Dakota Office of Emergency Management at 605-773-8138 or cari.leidholt@state.sd.us. The printing cost breakdown is:

1,000 books	\$2.58 per book
2,500 books	\$1.19 per book
5,000 books	\$.86 per book
10,000 books	\$.68 per book

Cari Leidholt will coordinate with the requesting state for edits to include your state's contact information and logo. Additional set up and shipping costs apply.

A flood preparedness book will be available soon.
